

PRESTIMAC Lda. - Press Form Parts Achieved with Precision Using Pro/TOOLMAKER

TUL[®]

Since 1989, PRESTIMAC Lda. Have supplied their metallic parts products to a wide range of customers from automotive to domestic utilities.

BUSINESS INITIATIVES

- Increase shop floor work capacity and output.

SOLUTION

- 1 seat of Pro/TOOLMAKER to be used in 2 Machining Centres.

RESULTS

- Programming time was reduced by 40%.
- Pro/TOOLMAKER produced better surface quality for their finished parts.

PRESTIMAC, LDA

“In Metalworking we can apply our knowledge to a wide range of parts, hence we must have a flexible solution that can cover most of the machining cases. Pro/ TOOLMAKER addresses this challenge perfectly.”

Managing Board, Prestimac Lda.
